What We Offer

We can provide everything from simple weather-proof structures to fully furnished luxury marquees.

Our marquees and pagodas come in a variety of sizes to match the needs of the event. They can be assembled with or without walls, and can be finished with furniture, flooring, lighting and staging.

We also hire out the extras that are required to complete an event, including dance floors, tablecloths, sound systems, interior decorations and more.

Additionally, we work with other trusted suppliers to help you find the right solution for catering, portable toilets and generators.

We would love to discuss your specific needs and sort out the perfect package for your event.

Jenny & Craig's Wedding

Jenny and Craig made the most of their wedding hosted at [Meynell Langley Hall](#) by hiring our 9x21m clearspan marquee with luxury ivory linings, and our two 6x6m pagodas. Opening the marquee walls enabled guests to make the most of the gorgeous summer weather, and take in their stunning surroundings.

The couple also hired our round tables and chiavari chairs, with a trestle table for the bridal party. The guests put our dance floor to good use, with an ambience created by the lighting and decor options the couple chose.

We subcontracted luxury toilets and a generator, and the wedding featured some other amazing local suppliers – you can find out more in the [full blog post](#) on our website.

Our team's knowledge and experience helped to make Jenny and Craig's vision a reality, enabling them to fully enjoy their wedding celebration, surrounded by family and friends.

"Roger and the team at Jubilee were fantastic throughout. From planning through to making our day so special with a beautiful marquee and running the event on the day. Highly highly recommended."
